RE: Alaska Department of Transportation & Public Facilities (ADOT&PF) Disadvantaged Business Enterprise (DBE) Program Federal Fiscal Year (FFY) 2015 Accountability Statement

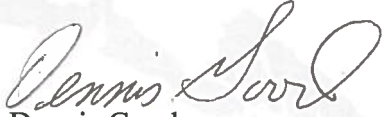

Dear Ms. Hoffman,

ADOT&PF had an FFY2015 overall DBE goal of 8.46%, to be met through 0.00% race-conscious (RC) means and 8.46% race-neutral (RN) means. The actual RC and RN achievements were 1.68% and 6.05% respectively, constituting an overall achievement of 7.73% DBE utilization. Therefore, ADOT&PF did not meet the overall DBE goal for FFY2015.

The ADOT&PF Civil Rights Office (CRO) has conducted a detailed analysis to identify factors that contributed to the difference between the overall goal and actual DBE utilization during FFY2015, and has established specific steps to correct the problems identified. The analysis and action plan are attached for your review and approval.

Please address any questions regarding the accountability statement and attached analysis to the CRO Manager, Dennis Good, at (907) 269-0848.

Sincerely,

Dennis Good
CRO Manager
